Get into the swing... of higher productivity

MHE-Demag Slewing Jib Cranes	Range	Types	Reduction in Labour Costs	Area of Operation
<ul style="list-style-type: none"> MHE-Demag manufactures a comprehensive range of slewing jib cranes in the Asean region. Advanced engineering knowledge and application allow the combination of heavy duty, high speed operation with ease of movement and unsurpassed smoothness of control. 	<ul style="list-style-type: none"> Our slewing jib cranes extend from 80 kg to 10,000 kg and arm outreach between 2 m and 20 m. Special purpose slewing jib cranes are available on request. Ex-proof slewing jib cranes are also available. 	<ul style="list-style-type: none"> The various models include: <ul style="list-style-type: none"> - Column type - Wall-mounted - Floor-to-ceiling-mounted These are available in radial or axial rotation, manual or power driven. 	<ul style="list-style-type: none"> Slewing jib cranes offer the possibility of avoidance of time lost waiting for an overhead crane or a forklift. A slewing jib crane is easily handled by one person. 	<ul style="list-style-type: none"> MHE-Demag slewing jib cranes function anywhere - indoors or outdoors. These can be part of an integrated material handling system. Applications include uses in distribution centres, warehouses, production, shipyards, foundries etc.
